

be hazzarding little to say, they afford protection to every right, and a remedy for every wrong. The jurisdiction of these tribunals are not so nicely adjusted, as to prevent lapping or running into each other. Particlarly, in many instances, can avail themselves of a choice of court in which to prosecute their claims.

We may here pause—and ask, what is the necessity of this change? What calls for such a prolific abundance of courts of trial and jury? Such as our Fathers never saw! Will the public good be promoted by the proposed change in our judicial proceedings? Some new inventions, and branches of industry and labor, by adding to the public wealth, or convenience, are useful, and deserve encouragement. It is said, be that causes two spears of grass to grow where but one was produced before, is a benefactor, his labor increases the public wealth and he is a producer. But the officers, generated by this Act, are not of that description, their labor adds nothing to the public stock, but on the contrary, are themselves supported out of it. They are consumers and not producers; and it would be better for the public, should they never labor in their vocation, than have full employment.

If the courts created by this Act are neither necessary nor useful, is it prudent to try the experiment? This question will be best answered by examination of its provisions, which every one should do. This Act is not very skillfully drawn, it is verbose, and many of its provisions not very clearly expressed. It is hoped our Solomons will not consider it disrespectful, should we suggest, that in case their Act becomes law, it may occasion some litigation before its provisions are well understood. AMICUS.

## Whig and Courier.

JOHN S. SAYWARD, Editor.

WEDNESDAY, JUNE 12, 1844.

Our cause is just—our union perfect.

### WHIG NOMINATIONS.

FOR PRESIDENT,  
**HENRY CLAY,**  
OF KENTUCKY.

FOR VICE PRESIDENT,  
**THEODORE FRELINGHUYSEN,**  
OF NEW JERSEY.

SEE FIRST PAGE.

### WHIG CAUCUS.

THE Whigs of the City of Bangor are requested to meet and assemble at the City Hall on Thursday evening June 20th, at half past seven o'clock, P. M. for the purpose of selecting Delegates to the State Convention to be held at Augusta on the 20th inst. Per order of City Com.

### CLAY CLUB.

THERE will be a meeting of the Club this evening at 7 1/2 past o'clock at the City Hall. An address will be delivered by Lucius H. Chandler, Esq. of Thomaston. Let every whig be present, as the meeting will be one of much interest. June 12.

The editor of the Gazette expends half a column of criticism on the flag, and spitted young sailor at the head of our columns. The man of the Gazette would be an artist. His keen and practised eye has discovered that the truck on the flag staff is a little too large—to have the design perfect, this truck should be reduced a hair's breadth! The legs of our noble jack tar comes in for a 'dab' of criticism—the legs of his trowsers are a little too large and he wears thin pumps, whereas this Gazette critic would compel him to put on boots and tight pantaloons well strapped down at the bottom and braced taut home at the top. We know of no regular built 'old salt' who would like such rigging or would consent to wear it even to please the man of the Gazette. We might perhaps grieve that we have not pleased the Gazette in the selection of our flag and that his taste was not consulted by the artist in the dress of the sailor, but the design is highly approved by our nautical friends and is so spirited and appropriate that we shall continue to enjoy the spunk of the determined tar in nailing his colors to the mast.

The Gazette must feel very bad about the Whig cause that the neat banner at the head of our nominations should make it run over with bitterness and spleen.

### Postponement of the Caucus.

There will be a meeting of the Clay Club at the City Hall this evening when the Club will be addressed by Lucius H. Chandler, Esq. of Thomaston a warm hearted eloquent Whig. On account of this meeting the Whig Caucus notified to be held at the City Hall to-morrow evening has been postponed to Thursday evening of next week when the delegates to the State Convention to be held at Augusta on the 26th inst. will be chosen.

The Democrat undertakes a lame defence of Judge Stetson's bungling remark about the editor of the Whig making up out of a whole cloth a slanderous story about the announcement of the nomination to Mr Dallas, by stating that the account was partly loaded. Now we have before us the New York Plebeian, a loco paper, in which the same account, taken from the same source appears loaded. Not much gained there, we take it.

We are disposed now to give the Democrat another chance. Judge Stetson stated at the ratification meeting, that in 1840 one town in Pennsylvania where there were but three hundred voters the Whigs polled more than thirteen hundred votes. This statement is not true. We pronounce it false. Nothing of the kind happened. We know not who made it up, but it is a falsehood made of "whole cloth." We challenge Judge Stetson or his backers to name the town and the circumstances of the case. It is an exceedingly foolish falsehood, for the State of Pennsylvania was in 1840 in the hands of the locos. They had the canvassing of the votes and the rejection of the votes of this town, if as represented, would have defeated the Whig electors.

If the loco leaders mean to be infamously unscrupulous we would advise them to confine their manufactured stories within some probable limits that they may not defeat the object intended to be accomplished.

### A Yankee Trick.

A successful speculation was entered upon in our city a few days since of somewhat a novel character. A man visited a large number of families offering for sale plants which he was pleased to call a splendid velvet Geranium, all well rooted and which he had just received from New York to which city they had recently been imported. The plants were vigorous and appeared so beautiful and were so rare and had been brought so far, that the good women could not resist the inclination to purchase. The price was cheerfully paid and each family seemed desirous of giving to these plants a prominent place in their collection and to introduce them to the notice of their friends. But almost each visitor had been equally fortunate in having secured a pair of the plants and all appeared alike. Suspicion was at length excited and on inquiry it was discovered that the velvet Geraniums were wild plants growing in great abundance in our woods, and familiarly known as Snake tongue!

### Slave Trade—An Arrest.

We learn from the N. Y. American that on the arrival of the U. S. ship Columbus at that port, Capt. Cooper delivered to the custody of the Marshal four seamen, who had been delivered to his charge by the Consul for the United States, at the port of Rio Janeiro. These men were sent home as witnesses on the part of the United States against Cornelius F. Driscoll, late master of brig Hope, of New York, charged with being engaged in the slave-trade. The proper documents and despatches have been transmitted to the Hon. Secretary of State. The Marshal, on receiving the despatch from the Consul took immediate measures for the arrest of Capt Driscoll, who was lodged in "The Tombs." His examination was to have taken place on Friday.

### Large Calf.

Geo. W. Chamberlin, Esq., of Carmel has a calf of the full blood Durham Short Horn which he weighed when three months old less one day and its weight was 480 pounds. Girth four feet four inches. Said calf has never sucked all the milk a full blooded Durham cow has afforded—has had no extra keeping, no provender, save a few potatoes. A number of good judges of stock were present when he was weighed and all agreed in the opinion that he could not be altered in any way to add to the beauty of the animal.

### Enthusiastic Movements.

The Clay Clubs of the State of New York had a spirited, large and noble working Convention at Utica on Wednesday the fifth inst. The thorough workers, in the Whig ranks, the energetic men of the State where there from nearly every county.

A patriotic address, and able resolutions were prepared and suitable arrangements made for conducting the campaign by steady unflinching work. The willingness of all to go forward—the union and enthusiasm of the working Whigs of that great State gives a glorious assurance that the empire State will be true to herself in the approaching struggle and record her emphatic vote in favor of Henry Clay and Protection, and against the Anti-protection an immediate annexation doctrines of the loco loco party.

The spirited cut at the head of our nominations was designed by one of the best artists in the country and stereotyped in the best style of that noble art.

On account of the meeting at the City Hall this evening the lecture on Phrenology notified to be delivered this evening by Mr Harding has been postponed to Thursday evening next.

There was another land slide at Algiers, opposite New Orleans on the 30th ult. About 500 feet of the Levee went into the river, carrying with it a warehouse, and a large lot of salt and produce.

The Clay Club erected a splendid flag staff on the pediment end of the new Market House, yesterday afternoon. To day the national flag will be raised upon it.

Mr Wm. H. McKee, of Salem, Washington county, was robbed of ten thousand dollars at the city Hotel in Albany, on Friday.

The National Intelligencer, which seldom gives currency to existing rumors, which are entirely without foundation, has the following startling paragraph:

There was a rumor afloat in the Hall of the Capitol yesterday, that the Secretary of State was in the way of an angry correspondence with the British Minister on some subject or other, supposed to be connected with Mexico or Texas. We trust that there is no foundation for this report. We doubt very much whether there be. But should there be any foundation for the rumor, it is hoped, for the character of our diplomacy, which has gained nothing (to say the least) by recent expositions, that no effort will be made by the Administration to raise up another 'new issue' out of such a correspondence for the miserable purpose of converting it to mere party ends and purposes.

### From Washington.

Reported for the Baltimore Patriot. TELEGRAPHIC INTELLIGENCE.—We have received the following intelligence by Morse's Electro Magnetic Telegraph;

WASHINGTON CITY, June 7, 11 o'clock, A. M.—Mr Choate presented a bill for constructing and purchasing Morse's Electro Magnetic Telegraph from Washington city to the city of New York. Read a first and second time, and referred to the Committee on Naval affairs.

11 1/2 o'clock.—The House is receiving reports. 12 o'clock.—Mr Evans is speaking in the Senate on the bill for introducing railroad iron free of duty. The House is engaged on private bills. I am just informed of the death of Mrs Harrison Smith, who died this morning.

20 minutes to 1 o'clock.—Mr Evans has concluded his speech in the Senate. Mr Miller has the floor for to-morrow. The Senate has gone into Executive Session. A message has just been received from the President of the United States.

15 minutes to 2.—The House has before it the General Appropriation Bill.

### Poke.

In New England, a machine to prevent unruly beasts from leaping fences.—Webster's Dictionary.

That is it exactly. The Lobo loco animals at Baltimore became unruly and threatened to jump over the fences and disperse, so a Poke from Tennessee was procured. It appears to answer the purpose tolerably well, though it is believed many of the animals will make their escape.—Lowell Courier.

It is said that Governor Shannon, of Ohio, has already drawn his salary and outfit as Minister to Mexico, \$18,000. He will probably be the candidate of the Tyler faction, for the vice presidency.

The southern members of the Methodist Episcopal conference have formally "protested" against the decision restraining Bishop Andrews from preaching in the north.

The Mail arrived at an early hour last evening.

### The Revenue.

The receipts of Customs at the port of New York alone for the first five months of 1844, (just closed,) somewhat exceed Nine and a half Millions of Dollars, against some Four Millions in each of the two preceding years. The total Collections at this port alone, during 1844, will pretty certainly exceed Twenty Millions of Dollars, being considerably more than the entire Revenue of the Government for either of the last four years. The entire Revenue of this year will all, most certainly exceed Forty Millions of Dollars, of which over Fifteen Millions (if we keep out of trouble with Foreign Nations) may be devoted to the reduction of the Public Debt, which amounted to Twenty-five Millions on the first day of January last. Let the Tariff be sustained and Mexico and Texas left to themselves, and the Government may be entirely out of debt again on the 1st of January, 1846. [Tribune.]

### Partition of Hayti.

The N. Y. Commercial says that Paris papers brought by the Caledonia speak at large of a project said to have been discussed in the French Cabinet, for a partition of Hayti between France and England—France to take possession of what has been known as the French part of the island, and England of the Spanish. Whether the project was to be carried out by force, or with the consent of the inhabitants, the journals do not say.

The New England Operative, is the title of a new weekly paper just commenced in Lowell, by E. A. Allen. It is devoted, as its name indicates, to the interests of the operatives in New England, and advocates the ten hour system.

The wife of a studious man went into his library when he was reading, and wished that she was a book, for then he would be more attentive to her. "I wish you were an almanac," he said, "because then I should have a new one every year."

About 235,000 hogs have been packed the past seas on at Cincinnati, the average weight which the Gazette estimates at 210 lbs each. The prices ranged from \$2.50 to \$2.70 per 100 lbs. The expense of preparing them at \$2 per hog, which with the first cost, gives the sum of \$1,800,000 invested in the single article of pork.

### MARRIED.

In this city, on Sunday evening last, by Rev. Prof. Shepard, William Henry Parsons, Merchant, to Miss Sarah M. youngest daughter of Warren Preston, Esq.

### MARINE INTELLIGENCE.

**Dr. D. Jayne's**  
**FAMILY MEDICINES.**

**JAYNE'S EXPECTORANT.**  
THIS invaluable medicine is daily effecting cures that have  
ever been known. All who have used it for Asthma,  
Coughs, Spitting of Blood, Whooping Cough, Croup or  
Hives, Consumption, Chronic Pleurisy, Hoarseness, Pain  
and Soreness of the Breast, Difficulty of Breathing, and  
every other disease of the LUNGS and BREAST, can  
and do attest to its usefulness. BRONCHITIS, a dis-  
ease which is annually sweeping thousands upon thou-  
sands to a premature grave, under the mistaken name of  
CONSUMPTION, is always cured by it. The usual  
symptoms of this disease, Bronchitis, are Cough, Sore-  
ness of the Lungs or Throat, Hoarseness, Difficulty of  
Breathing, Asthma, Blisters, Fever, a Spitting up of  
Phlegm or Mucus, and sometimes Blood. It is an in-  
flammation of the fine skin which lines the inside of the  
whole of the wind tubes or air vessels, which run thro-  
every part of the Lungs. The Expectorant immedi-  
ately suppresses the Cough, Pain, Inflammation, Fever and  
Difficulty of Breathing, and produces a free and easy  
expectoration, and a cure is soon effected.

It always cures ASTHMA. Two or three large doses  
without the CROUP, or RIVES of children, in from 15  
minutes to an hour's time. It immediately subdues the  
violence of WHOOPING COUGH, and effects a speedy  
cure. Hundreds who have been given up by their phy-  
sicians as incurable with CONSUMPTION, have been  
restored to perfect health by it.

If this Expectorant be given at the commencement of  
PLEURISY, INFLAMMATION OF THE LUNGS, or  
in acute RHEUMATISM, in doses sufficiently large, so  
as to cause a little nausea for some time, going to bed  
and covering up warm, it will produce perspiration, and  
subdue those affections at once.  
PRICE \$1.00.

**Tonic Vermifuge.**  
WORMS IN CHILDREN. Of all diseases to which  
children are exposed, none are so fatal to them as  
worms. Unfortunately, children are seldom free from  
them, and as they imitate the symptoms of almost every  
other complaint, they often produce alarming effects  
without being suspected. They are not only a cause of  
disease themselves, but by their irritation aggravate all  
other diseases, wandering from one part of the body to  
another, winding themselves up into large balls, and ob-  
structing the bowels, and frequently the throat, causing  
convulsions, and too often death. The desired remedy  
will be found in Dr. JAYNE'S TONIC VERMIFUGE,  
which will very soon destroy the worms, and invigorate  
the powers of digestion so as to prevent a return of  
them. PRICE 50 cents.

**JAYNE'S CARMINATIVE BALSAM.**  
This is one of the most efficient, pleasant and safe  
compositions ever offered to the public, for the cure of  
the various derangements of the Stomach and Bowels,  
and the only article worthy of the least confidence for  
curing CHOLERA INFANTUM or SUMMER COMPLAINT,  
and in the above and following diseases, it  
relieves like a charm, viz:  
Dysentery, Diarrhea or Looseness, Cholera Morbos,  
Summer Complaint, Cholera, Griping Pain, Sour Stomach,  
Sick and Nervous Headache, Heartburn, Water-brash,  
Pain or Sickness of the Stomach, Vomiting, Spitting up  
of food after eating, and also where it passes through  
the body unchanged. Want of Appetite, Restlessness  
and Inability to Sleep, Wind in the Stomach and Bow-  
els, Hysterics, Cramp, Nervous Tremors and Twitch-  
ings, Sea Sickness, Fainting, Melancholy and Lowness  
of Spirits, Fretting and Crying of Infants, and for all  
Bowel Affections and Nervous Diseases.  
PRICE 50 cents.

**Hair Tonic.**  
NO EXCUSE FOR A BALD HEAD. Since the im-  
portant discovery of Dr. JAYNE'S HAIR TONIC, every  
one may, if they choose, preserve their hair from falling  
off, or if already bald, may, with certainty, have their  
hair restored again by a faithful and persevering ap-  
plication of this valuable HAIR TONIC.

Please to read without prejudice the following com-  
munication, which, in addition to hundreds of others  
equally respectable, showing the doubts of every  
reasonable person of the uniform and singular efficacy  
of JAYNE'S HAIR TONIC.

HAMILTON, Feb. 15, 1846.

Dr. D. Jayne—Dear Sir: I cannot say my hair is re-  
stored, but I can say that it appears to be in as rapid a  
process of restoration as could reasonably be expected.  
I had not finished the first bottle, before a decided  
change was manifest over the bald part of the head, to  
which it was applied. A new growth of fine glossy  
hair, much like that of an infant, appeared, and has  
continued to increase, and I have had it cut two or three  
times. I have recently commenced upon the third bot-  
tle, but have been a good deal irregular in the use of  
the Tonic from the first, and from this cause I apprehend  
the effect is at present less than it otherwise would  
have been.

I began the use of the Tonic with little or no faith  
that it would ever be successful on my head, though I  
felt entire confidence in your statements of what it had  
done for others; and I was as much surprised as de-  
lighted when I saw the effect. You recollect the ap-  
pearance of my head when in your office. I assure you  
the hair has been nearly, if not quite, an inch long at  
the times I have had it cut, on those parts which were  
nearly destitute of any when you saw me. It was, how-  
ever, very fine, though quite thick. I am flushed with  
hopes of final success, in the intelligent use of  
your Tonic, which, amidst all the hair brushings which  
have been advertised in the papers, I am constrained to  
believe is what it claims to be, and that it will make  
the hair grow, and no mistake, at least on some heads.

GEO. W. & ATON,  
Prof in Hamilton Lit. and Theological Seminary,  
Madison County, New York.  
PRICE \$1.00.

**Jayne's Sanative Pills.**  
These Pills are an excellent, mild and safe purge at  
all times, and are exceedingly useful in Dyspepsy and  
obstructions of the Liver. Persons taking them can eat  
and drink as usual, without fear of injury, and what is  
of infinite advantage making the use of mercurial pre-  
parations, so frequently used in derangements of the  
stomach and liver, unnecessary.

These Pills may be taken at all times, and are benefi-  
cial in nearly all diseases. They have long been a fa-  
vorite prescription of the propriety for all obstructions of  
the Liver, Spleen, Kidneys, Uterus, and all other organs  
of the body—Inflammation, Intermittent, Remittent,  
Bilious, and every other form of Fever—Jaundice and  
Liver Complaint. For Dyspepsy they are really an in-  
valuable article, gradually changing the vitiated secre-  
tions of the stomach, and producing healthy action in  
that important organ. They are very valuable in dis-  
eases of the Kidney, and for what is commonly called "im-  
purity of the blood," also for Female Complaints, Con-  
stiveness, &c., &c., and in fact every disease where an  
Aperient, Alternative or Purgative medicine is required.  
See Book Fifth of the numerous and distressing cases  
of DYSPEPSY POSITIVELY CAN BE CURED by a  
persevering use of this valuable SANATIVE PILLS.

They are expressly prepared to be used as an Aperient,  
when purging is necessary, while using the Expectorant,  
and for the removal of obstructions in the Liver,  
which are often attendant on some of the diseases of  
the Breast.

Prepared only by Dr. D. Jayne, Philadelphia.  
And for sale, Wholesale and Retail, by SMITH &  
PENNO, Booksellers, 14 West Market Square, Bangor.

FRANKLIN MUZZY & CO

**NEW PRINCIPLES OF PURGATION.**  
**CORNARO'S**  
**Purifying and Preserving**  
**PILLS.**

THE American public has for a long time been  
the victim of a false and dangerous system of  
medicine founded on the practice of LONG CON-  
FINED AND UNRELIEVED PURGATION.  
The evils of this old system are of the most wide-  
spread and alarming character. They have reach-  
ed through every vein and artery of our nation.  
In every city, village, and hamlet—in every  
State and Territory of our vast Republic will be  
found those who have suffered, or who are still suf-  
fering from the injurious effects of this old system,  
of whose practical utility the disease, decay, and  
utter prostration of those who test it furnish the  
most condemning proofs.

**COMMON DRASTIC PURGATION**  
Scours out the system by the most improper and  
violent means, and then leaves it weak, feeble,  
debilitated, to regain its strength as best it may—  
Sometimes the consequences of this old Purgative  
practice are worse than mere Debility. Inflamma-  
tion of the Bowels, Slow Fever, Bloody Piles,  
and other horrible disorders are produced, simply from  
the want of some enlivening and preserving power  
in the medicine employed. Sometimes the diges-  
tive organs are deeply and permanently injured by  
this coarse and unphilosophical practice, leaving the  
patient AN INVALID FOR LIFE.

The alarming evils and absurdities of the old system  
of Purgation, have led to the introduction of a new  
Life-giving Medicine, called CORNARO'S PURI-  
FYING AND PRESERVING PILLS, which are  
established on this new and only true principle of  
Purgation, viz:  
**NO PURGATION WITHOUT IMMEDIATE  
RESTORATION**

The use of this admirable Purgative remedy  
strikes a death blow to that abominable system,  
which by continually evacuating the bowels with-  
out any conservative or saving power, so dreadfully  
and fearfully prostrates and injures the unhappy pa-  
tient. These Purifying and Preserving Pills are  
believed to constitute the perfection of medicine,  
being a UNIVERSAL VEGETABLE PURGA-  
TIVE, containing two great remedies combined  
viz: One remedy to PURIFY FROM CORRUPT-  
ION, and another to PRESERVE FROM INJURY  
AND DECAY.

And for the purpose of attaining the highest de-  
gree of purity in the preparation of these Pills, Dr.  
Bradlee has, at a vast expenditure of time and  
money, invented and patented at Washington, a  
chemical and philosophical apparatus for distilling  
and refining vegetable extracts, called

THE SEVEN-FOLD FURNACE,  
A powerful and novel machine—having Seven Fires  
and Seven Alembics, with distilling, condensing,  
and evaporating fixtures of a new and ingenious  
contrivance, capable of obtaining more than seven  
times the ordinary purity of any vegetable extract  
heretofore used in compounding medicine. The  
Balaamic and Preserving power of these Pills is  
also, by this invention, highly purified and refined,  
and so mingled with the operative medicine, that it  
repairs all the injuries created by Purgation as soon  
as they are caused, and strongly fortifies the sys-  
tem against future corruption and decay.

Let the public be no longer deceived by the ad-  
vertisements of the "one remedy" doctors, who show  
their entire ignorance of the organic laws of the hu-  
man system by supposing that a medicine which  
purges merely, without renovating or preserving can  
be a perfect remedy. For it is a fixed and immu-  
table law of our being that there should be, in no case,  
Purgation without immediate Restoration, and hence  
it follows, and is proved to demonstration, that all  
Purgatives which DO NOT possess a saving and  
preserving power, are injurious and ruinous only—  
and possess NOT ONE REDEEMING QUALITY  
The whole theory of common drastic Purgation is  
based upon unnatural and absurd laws, and they who  
follow it fall victims to their own folly, and too late  
repent their temerity.

**BEWARE OF UNRELIEVED PURGA-  
TION!** Purge and Preserve, or do not attempt to  
Purge at all.

THE celebrated PURIFYING AND PRESERVING PILLS purify the body from corruption  
and preserve it from injury and decay by a single  
operation. They are a Universal Vegetable Pur-  
gative, of sovereign use in all diseases of the human  
system in which purgation is required, particularly  
in Jaundice, Indigestion, Dyspepsy, Bilious Disorders,  
Skin, Scrofula, Piles, Constiveness, Rheumatism,  
Liver Complaint, Fever, Nervous Disorders, Head-  
Weakness, Cholera, Dysentery, Worms, Gout, Rheu-  
matism, Female Complaints, Depression of Spirits,  
Debility of System, Pits, &c., &c.

Price 25 cents per Box, with full directions,  
Essay on Health and Long Life, &c.
